

## 2022 Shuswap Trail Alliance AGM Report: Executive Director

Prepared by: Jen Bellhouse

Updated: May 11, 2022

*Weytkp – you are in Secwepemc Territory. The Shuswap Trail Alliance is the organizational body, formed in 2005, through which local and regional leadership – First Nations, Provincial, Regional, and Municipal, stewardship, industry, business, and community leadership – work together to establish the Shuswap as a united destination trail centre known for its active lifestyle, vibrant culture, natural beauty, and commitment to a sustainable environment. Each year, leadership partners throughout the region work together on diverse projects toward this vision leaning on the Shuswap Trail Alliance for support. It is a vision driven by values at the core of which is the idea of weaving it green (our communities and land) for generations to come in a spirit of respect, cooperation, and stewardship - often referred to as the Shuswap Trail Protocol. This protocol is based on the Secwepemc concept of Y'icwetsutce – taking care of the land – that forms the guiding foundation of the Shuswap Regional Trails Strategy.*

---

Although last year was another challenging year for many, especially in regards to the pandemic, 2021 was again a very successful season for the Shuswap Trail Alliance; trails were completed, new relationships were formed, and old ones nurtured.

Many projects were completed in 2021 thanks to the ongoing commitment of more than 50 partner organizations, including all orders of government (Secwepemc, Provincial, Regional, Municipal), sector organizations (health, education, environment), community leadership, funding agencies, and many volunteers (although volunteering continued to be a different experience in 2021). These projects were diverse including maintenance of old trails, development of new trails, wayfinding signage, invasive weed mechanical treatments, small plans for short greenway connectors and comprehensive plans for entire sub-regions, strategic planning for improved pedestrian and cycling within our communities and complex recreational access plans for the backcountry.

**Planning Highlights 2021:** The Shuswap Trail Alliance was successful with a grant application to the BC Rural Dividend Program, in 2020, to support planning projects including Scatchard Mountain, the East Shuswap, Enderby/Mabel Lake area, and the District of Sicamous. These planning projects were started in 2020, continued in 2021, and will be wrapped up in 2022.

Huge progress was made for Active Transportation in the City of Salmon Arm (City), the City was successful in obtaining a \$50,000 grant from BC Active Transportation to create a Master Active Transportation Network Plan, and we are pleased to be supporting the Salmon Arm Active Transportation Task Force through this planning process.

**New trails built in 2021** included the Salmon Arm Greenways Hillcrest Heights trail, a portion of the Larch Hills Traverse – Ida View section and East Canoe Creek bridge, and an equestrian connector was completed in the Malibu area of South Canoe.

Many existing trails saw upgrades and improvements in 2021 including the historic Mara Lookout – to be completed in 2022, a lot of remedial work was started on the Eagle Pass trail – to be completed in 2022, and the Salmon Arm Foreshore trail in conjunction with the City of Salmon Arm saw many improvements.

**Environmental Stewardship:** The Shuswap Trail Alliance continued to work on a couple of large projects in 2021 mechanically removing Yellow Flag Iris at White Lake, Gardom Lake and along the Turner Creek Trail, in partnership with the Columbia Shuswap Invasive Species Society (CSISS) and digging up burdock at Peter Jannink Park. Funding sponsors included CSISS and The Shuswap Naturalist Club.

**Rail Trail Progress:** The Shuswap Trail Alliance was contracted to assist with the project, and is pleased to continue supporting Słatsin te Secwépmc, the Columbia Shuswap Regional District, and the Regional District of North Okanagan and all the participating electoral areas, districts, and municipalities as they work together to realize the Shuswap North Okanagan Rail Trail between Sicamous and Armstrong. The technical development planning phase was completed in December 2021, along with accompanying archaeological, environmental, cultural heritage overview, and engineering assessments. While construction of the trail surface itself is relatively straight forward, addressing erosion and flood issues along Mara Lake and Shuswap River, highway and road crossings, and ensuring the trail's development upholds Słatsin te Secwépmc values and interests, and improves the overall environmental health of the corridor are more complex challenges. This phase was funded by the Provincial BC Rural Dividend Program with support from the CSRĐ Area E/District of Sicamous Economic Opportunities Fund and additional District of Sicamous reserve funds. To date, \$1.64 million in provincial grant funding has been successfully applied for through the COVID Resilience Infrastructure Stream program, the TOTA/Ministry of Tourism infrastructure program, and the Provincial Active Transportation grant program. Again, CSRĐ Area E/District of Sicamous Economic Opportunity funds were contributed by the inter-jurisdictional partners to leverage these grants. These funds will begin construction of the rail trail with an Enderby-Słatsin pilot section, and early access work between Sicamous and Mara. The Shuswap and North Okanagan Community Foundations agreed to support the initiative by entering into an agreement to manage capital campaign donations on behalf of the Rail Trail partners, and to date over \$270,000 have been raised by the community to support the rail trail construction. Significant corporate sponsorship contributions to date have been made by Askew's Foods, SASCU, Fortis BC, and Canoe Forest Products. Looking at 2022, the Technical Operational Committee staff are now working directly with Urban Systems to oversee engineering detail design, tender packages, and implementation of the pilot projects. And on the capital development front, Słatsin Kukpi7 & Tkwamipla7 (Chief and Council) submitted a major \$12.5 million grant application this March to the Federal Active Transportation grant program on behalf of the inter-jurisdictional rail trail owner partners. It is an exciting time as the community rallies with ongoing capital donor support and the rail trail owner partners leverage that support with these grant applications. Fingers crossed - we will be walking/riding bicycles on the first sections of new rail trail possibly as soon as the end of next year. For more information and to make a contribution, visit [www.shuswapnorthokanagairailtrail.ca](http://www.shuswapnorthokanagairailtrail.ca).

**Secwepemc Landmarks and Trailhead Project:** The Shuswap Trail Alliance continued to support the administration of the Secwepemc Landmarks and Trailhead Signage project, at the direction of the Bands. The Secwepemc Landmarks project has made great strides forward, despite the pandemic and wildfire smoke, and the art installations are nearing completion, and are soon to be installed. The unveiling ceremony for the main installation at the Salmon Arm Marine Park is scheduled for this June. The project is supported by funding from the Adams Lake, Little Shuswap, Neskonlith, Splantsin, BC Rural Dividend Program, the Heritage Branch, City of Salmon Arm, the STA, the BC Community Economic Recovery Infrastructure Program (CERIP) and the TOTA/Ministry of Tourism StrongerBC program. This exciting and important project has entered Phase 2, which will see completion of another 2 cardinal monuments and 6 smaller sentinel monuments throughout the Shuswap. Trailhead posts, carved by students under the guidance of indigenous artists, have been installed in around 25 locations of the 100 and some odd posts that will be put in place, the remainder going in this summer. A very special word of gratitude to the project coordinating team of Adams Lake Councillor Shelley Witzky, Project Coordinator Libby Chisholm, Storyboard Assistant Dorry Willian, Technical Advisor Adrian Bostock, and the Knowledge Keepers circle of elders from the four Secwepemc lakes communities.

**Fundraising:** The annual STA Fundraiser went online for a second year, and despite our concerns that it wouldn't go as well as the first, we successfully raised an in-kind and cash total of over \$59,000 to support 2022/23 trail projects!! Huge thanks to the extraordinary and adaptive volunteer planning committee with whom we could not have pulled this off. Funds were leveraged to secure a \$26,000 grant through the Community Foundations Canada – Healthy Communities Initiative to create a vibrant greenspace and accessible trail at the South Canoe parking lot, a \$8,000 grant through the Shuswap Community Foundation to complete the East Canoe Creek Bridge, and a \$16,000 Canada Summer Jobs grant hiring two people who support planning, maintenance, signage, promotional, and volunteer trail projects throughout the Shuswap.

Along with the project partners who resourced projects in 2021, the Shuswap Trail Alliance receives annual operational grants from the Columbia Shuswap Regional District Areas C, D, E, and F, the City of Salmon Arm, the District of Sicamous, the Regional District of North Okanagan Area F, the City of Enderby, and the Village of Chase. These grants create an operational foundation for the Shuswap Trail Alliance ensuring stability for the organization.

**Sponsors:** Ian Gray's Salmon Arm GM again blew us away with their generosity, and despite a worldwide truck shortage, donated the use of a new truck for our field season. The truck could be seen around the Shuswap, and at the trail heads, displaying the STA's and GM's logos, along with SASCU who have contributed to the maintenance of the trucks. The use of the additional truck was monumental in the ability to have a field season in 2021 as we were still dealing with COVID-19 restrictions, including the number of staff that we could have in one truck. We are humbled by this generous donation that kept the STA operating with a near-normal field crew.

The Barley Station Brewpub continues to step up to support trails in the Shuswap with the Shuswap Trail Ale IPA, 10 cents of every IPA sold gets donated to the STA. Two businesses in 2021 participated in matching donation programs. Salmon Arm IG Wealth Management staff donated funds which were matched by national IG Wealth contributions, and Pro Air ran a program earlier in the year where they matched customer donations directed to the STA.

Shuswap Clothing and Shoe Company celebrated their 100-year anniversary last summer, and when Blundstone approached Gerald Forman, the store owner, about donating funds to a charity of his choice he chose the STA. And of course, to all of the other sponsors that ensure we are able to operate – we could not do this without you – thank you!

Over the last two years an anonymous donor, facilitated through CanadaGives, has donated a significant amount of funds which will be used to help with trail projects in some of our smaller communities that don't have the same access to resources. These trail projects and would not happen without this funding. We totally respect the anonymity of the donor, but if you do happen to read this – thank you, we are incredibly grateful for your support and excited to be able to initiate these extra projects.

(See “At a glance” and Sponsors pages below for a full acknowledgement of all our funding partners.)

**Promotion of trails** throughout the year included the design of new maps, the update of guides, trail reports, communications on closures and openings, Facebook and e-bulletin posts, news releases, and of course, the strategic efforts of Shuswap Tourism.

Thanks to the generous funding from the City of Salmon Arm, Municipal Regional District Tax (MRDT), and the Shuswap Community Foundation trail promotion in 2021 included a brand-new Shuswap Trails website. The website includes a new and improved trails database, that could not have been completed without the CSRD GIC department and their in-kind contributions. Check out the new website at [www.shuswaptrails.com](http://www.shuswaptrails.com).

The Shuswap Blueways Paddle Trail Supplement, funded by the MRDT, is hot off the press, and is now available on a brochure stand near you.

**Recreational Access Management:** 2021 provided opportunities to continue to work on the management of recreational activities within the landscape. Discussion regarding winter management of the Gorge continued along with discussions regarding the East Shuswap Recreational Management as a whole. In 2021 at the direction of Secwepemc Leadership, under the Shuswap Trails Roundtable, the STA brought together a working group to discuss the care for Kela7scen (Mt. Ida). The working group is comprised of representation from the Adams Lake, Little Shuswap, Neskonlith, and Splotsin along with BC Timber Sales, Ministry of Forests, the Shuswap Dirt Riders, Friends of Mt. Ida, and motorized and non-motorized recreation users. The intent of the working group is to contribute to a management plan, that will be indigenous led, to preserve and protect Kela7scen.

The STA and Shuswap Trail Strategy continues to advocate a collaborative, structured adaptive decision-making approach that includes use of Cumulative Effects Assessment. For more background, please visit our website at [www.shuswaptrails.com](http://www.shuswaptrails.com).

**Shuswap Regional Trails Roundtable:** In the face of these emerging challenges, the Shuswap Regional Trails Roundtable working group and annual gathering continued to experience strong leadership commitment and attendance. A four-year commitment of funding Regional/Municipal partners, donations from clubs/user groups and matching in-kind support from all the other participating organizations and leadership, and consistent facilitation support through the Fraser Basin Council, has

allowed the Roundtable to continue as a forum for leadership to meet regularly in 2021 via Zoom for respectful, thoughtful, and values-based dialogue and sharing. The hope for the 2022 annual Roundtable is to meet in-person yet again, but that will of course be restrictions dependent.

**The Shuswap Trail Alliance Board** has worked hard to keep the organization's governance and structure current and responsive to the needs of our regional partners. Highlights of the board's work over the past year includes a strategic consideration of the upcoming period with a specific eye on how best to structure the organization to support legacy projects. This included the thoughtful transition of the former Executive Director, Phil McIntyre-Paul, to the Senior Consultant position, and Jen Bellhouse, the former Associate Director, to the Executive Director position. As well, policy considerations, improved regional representation, growth of the Legacy Fund, new opportunities for long-term financial stability, capital equipment replacements, and HR support for the management team and annual trail crews continue to drive the monthly board agenda and working sub-committees.

**2022 priorities** for the Shuswap Trail Alliance include the completion of new/restored trails throughout the region including the Sorrento-Blind Bay Accessible Trail, Loftus Lake Fen Accessible trail and First Nation consultations, and Glenemma trail system in partnership with the CSRD, South Canoe parking lot improvements, greenway signage, and Hoadley Park with the City, the Larch Hills Traverse Ida View and East Shuswap thanks to BC Rural Dividend Program, Forest Employment, and Shuswap Community Foundation Grants; continuation of the Sicamous-to-Armstrong Rail-Trail capital development; support for the Secwepemc Landmarks project; community consultations, Secwepemc direction, and finalization of drafts for the South Shuswap Destination Trail plan; support for the West Bay Trail Corridor consultations and planning; support for a renewed comprehensive management plan for the Kela7scen (Mt Ida) area with Secwepemc leadership and the Province; and continued partnership with CSISS for the mechanical treatment of invasive species in the Shuswap. Plus of course, support for ongoing trail maintenance and care throughout the region!

Watch for the Mountain Bike Guide update/reprint in spring of 2022. The summer team will also support ongoing environmental stewardship efforts through our partnership with the Columbia Shuswap Invasive Species Society, SABNES, and the Shuswap Regional Trails Roundtable. Trail screening and adaptive planning will continue as a formative part of our trail planning process, and we will persist with advocacy for a more collaborative structured decision-making approach to land management that includes Cumulative Effects Assessments.

**Acknowledgements:** Please join in a very big expression of gratitude to the Shuswap Trail Alliance management team who work with all the partners and projects on the day-to-day level, –Adrian Bostock (Project Operations Manager and Stewardship), James Eagan (Bookkeeper), Hanka Mosher (Business Coordinator) Libby Chisholm (Secwepemc Landmarks and Trailhead Sign Project Coordinator), Alex de Chantal (Rail Trail Campaign Fund Coordinator) Phil McIntyre-Paul (Senior Consultant) and myself (Jen Bellhouse, Executive Director). We were joined by a determined and field-smart trail project crew who determinedly worked through heat domes, wildfire smoke, and ash showers.

As well, we were blessed with contract support for various projects from talented professionals including Sylvia McMahan, Jeremy Ayotte, and a host of local vendors, contractors, consultants, and businesses. Sylvia McMahan also provided volunteer assistance in the office with the membership drive and D'Arcy MacLeod kept our Facebook page up to date. And of course, there's the board, the sub-

committees, and the annual fundraising team who contribute their time, talents, and wisdom! Together, the management team, trail crew, board, sub-committees, contractors, vendors, and volunteers support and complement the work of all the community leadership, volunteers and partners tirelessly making Shuswap trails happen.

Sincere acknowledgement also needs to go to the lead jurisdictional partners, land managers, and staff who form the wider circle of leadership that drives the Shuswap Trail story forward – Secwepemc band departments, Recreation Sites and Trails BC, BC Parks, CSRD Areas C/D/E/F (including Parks, Tourism, and GIS), RDNO Area F, Salmon Arm, Sicamous, Enderby, Chase, and - we're excited to be growing the relationship to include - Armstrong, Spallumcheen, and the wider RDNO/North Okanagan governments as we work together to realize the Sicamous-to-Armstrong Rail-Trail.

And finally – to the trail stewards – the organizations and volunteers and community leaders who walk, ride, paddle, roll, and slide their way through the landscape caring for the trails and pathways that allow us to be present in the land, move through our communities, and connect with each other – this story of collaboration is a team effort and only as good as the remarkable commitment each of you make every day. While we know there's much more journey ahead, please celebrate the distance we have come.

Thank you to everyone who is working so hard to make the Shuswap a healthier, more connected, more just place to live. **Kukstemc (thank you).**

**2021 At-a-Glance. . .**

**Leveraged Project Funding and Resource Partners in 2021. . .**

- ✓ BC Rural Dividend Program (MFLNRO)
- ✓ Backcountry Horsemen of BC – Shuswap & North Ok.
- ✓ Canada Summer Jobs
- ✓ Community Fundraising
- ✓ CSRD Parks Area C, D, E, F
- ✓ City of Salmon Arm
- ✓ City of Enderby/RDNO Area F Parks
- ✓ Columbia Shuswap Invasive Species Soc.
- ✓ District of Sicamous
- ✓ Horse Council of BC
- ✓ North Shuswap Lions Club
- ✓ PEF
- ✓ Recreation Sites and Trails BC
- ✓ Roundtable Members
- ✓ SASCU
- ✓ Salmon Arm MRDT Funding (Hotel Tax)
- ✓ School District 83
- ✓ Shuswap Bike Club
- ✓ Shuswap Community Foundation
- ✓ Shuswap Naturalist Club
- ✓ Shuswap Tourism
- ✓ SI Dressage Association
- ✓ Village of Chase
- ✓ Volunteers & In-kind

**Total Leveraged Value in 2021: \$758,928.53**

## The 2021 Number At-a-Glance. . .

Number of Projects	91	
Number of Partners	48	
New Trails	4	
New km	2900	metres
Repaired km		metres
Maintained km	393,280	metres
New boardwalks		
New bridges	1	
Fences	1	locations
New stairs	1	sets
New Kiosks	6	locations
New signs	16	
Planned km	15,000	metres
Individual Trail Plans	8	
Conservation/Access Management Projects	8	
Strategic Plans	1	
<b>From 2021 Volunteer Log:</b>		
Total Individual Volunteers	109	
Total Volunteer Days	63	
Total Hours	1522.23	
Total Value	\$25877.91	
Additional Professional Volunteer Hours	769	
Additional Professional Volunteer Value	\$21384.62	
<b>Total In-Kind Volunteer Hours</b>	<b>2290.90</b>	
<b>Total In-Kind Volunteer Value</b>	<b>\$47,262.53</b>	

Since 2006, regional partners working through the Shuswap Trail Alliance have completed. . .

- ✓ Over 400 greenway trail projects together (plans, projects, repair, promotion, programs)
- ✓ 11 signature trail systems, over 138 regional trails, in all seven sub-regional areas
- ✓ 150 km of new trails valued over \$3 million
- ✓ Over 1890 trail signs, 6200 blazes, 32 trailhead kiosks, 1 trail report hotline
- ✓ Emerging four-season trail-based marketing (trail guide, website, Facebook, maps. . .)
- ✓ \$6,700,000+ in leveraged cash/in-kind investment

### 2020 – 2023 Strategic Priorities:

- **2022 Priorities.** . . currently 76 active projects with targets in all sub-regions of the Shuswap:
  - Advance Regional Trail Strategy, Roundtable, and Access Management Priorities
  - Support the Secwepemc Landmarks and Trailhead Sign project
  - Complete the 2020 Shuswap Trail Infrastructure Projects (3 new trails)
  - Complete the South Shuswap Destination Trail Concept Plan
  - Complete the Mara Lookout Trail Restoration Project

- Complete Larch Hills Traverse Ida View Trail East Canoe Creek Bridge
  - Continue working on Scatchard Trail Plan
  - Complete Enderby greenway connector plan
  - Work with BC Parks for a new Herald's Park kiosk
  - Complete CSRD trail projects
  - Complete City trail projects
  - Maintain annual trail maintenance schedule & trail reporting system
  - Support inter-jurisdictional development of the Sicamous – Armstrong Rail Trail
  - Support volunteer trail stewardship, engagement, and training
  - Continue ongoing trail planning & capital project targets with regional partners
- **2020 – 2023 Strategic Priorities:**
    - *Facilitate Regional Trails Roundtable* – includes motorized and non-motorized reps
    - *Protect Secwepemc Values*
    - *Take Care of the land (Y'icwetsutce)*
    - *Expand Structured Adaptive Planning*
    - *Implement Access Management Priorities*
    - *Maintain and build Community Trails*
    - *Grow the Volunteer Trail Stewardship Program and Local Trail Advisories*
    - *Support Active Transportation Plans*
    - *Advance Community-to-Community Trail Connectors (West Bay, Rail Trail)*
    - *Support Secwepemc Landmarks*

**Again, thank you** – to everyone working together to grow the Shuswap Trails vision and legacy and make our communities healthier places to live, work, and play. To support the ongoing Shuswap Trails efforts consider donating, contributing to the legacy endowment, or coming out to a volunteer trail day. For more visit [www.shuswaptrails.com](http://www.shuswaptrails.com).

---

*(See: 2021 Project Worksheet Master, and 2022 Auction Sponsors – following. . .)*

**And for further background, visit the following website pages:**

**Shuswap Trails** – the online trail guide for Shuswap Trails and our primary website for public and promotional purposes and the administrative site for the Shuswap Trail Alliance. (Note: both the STA and Shuswap Trails websites are two halves of a whole, and accessible from each.)

**Shuswap Regional Trails Strategy & Roundtable**

**Shuswap Trail Standards & Resources** – includes the regionally developed Shuswap Trail Design, Signage, Environmental Trail Screening, Volunteer Trail Stewardship, and Guided Trail Program standards, guidelines, resources, and forms. (Note: all design and sign standards are based on Provincial standards and best-practices guidelines.)
