

2022 Shuswap Trail Alliance AGM Report: Executive Director

Prepared by: Jen Bellhouse Updated: May 24, 2023 Weytkp – you are in Secwepemc Territory. The Shuswap Trail Alliance exists as a collaboration of partners working together to create purpose built, sanctioned, and sustainable trails throughout the Shuswap region. Our vision is Connected Trails, Healthy Communities and through thoughtful collaboration, we develop, operate, maintain, and promote non-motorized trails throughout the Shuswap. Our core values include Proactive Collaboration, Cultural Respect, Community Building, and Care for the Land. Each year, leadership partners throughout the region work together on diverse projects toward this vision leaning on the Shuswap Trail Alliance for support. It is a vision driven by values at the core of which is the idea of weaving it green (our communities and land) for generations to come in a spirit of respect, cooperation, and stewardship - often referred to as the Shuswap Trail Protocol. This protocol is based on the Secwepemc concept of Y'icwetsutce – taking care of the land – that forms the guiding foundation of the Shuswap Regional Trails Strategy.

Secwepemc Landmarks Salmon Arm Marine Peace Park

Introduction

The 2022 season saw the return of almost pre-pandemic operations and was a very successful year for the Shuswap Trail Alliance. Staff returned to in-person events and meetings and continued to maintain relationships while creating new ones.

Due to the ongoing commitment of more than 50 partner organizations, including all orders of government (Secwepemc, Provincial, Regional, Municipal), sector organizations (health, education, environment), community leadership, funding agencies, and many volunteers many projects were completed in 2022. The diverse list of projects includes maintenance of old trails, development of new trails, wayfinding signage, invasive weed mechanical treatments, small plans for short greenway connectors and comprehensive plans for entire sub-regions, strategic planning for improved pedestrian and cycling within our communities and complex recreational access plans for the backcountry.

Planning Highlights 2022

The Shuswap Trail Alliance was successful with a grant application to the BC Rural Dividend Program, in 2020, to support planning projects including Scatchard Mountain, the East Shuswap, Enderby/Mabel Lake area, Hunakwa Lake, Provincial Park and the District of Sicamous. These planning projects were completed in 2022, and early 2023, and these plans continue to build a foundation for economic growth and improved community vibrancy through the creation of a region-wide destination recreational trails system providing social and economic benefit to all the rural communities of the Shuswap lakes region, including Secwepemc First Nations and regional/municipal communities.

Other planning projects completed, or in progress, include South Shuswap Destination Trail Planning Framework, Kela7scen Recreation Access Plan working group, Shuswap North Okanagan Rail Trail Amenities, Sign, and Maintenance plans, support for Skimikin Lake planning, and Mallory Ridge Trail Planning. We continued to support the Salmon Arm Active Transportation Task Force through the Active Transportation Network Plan planning process and are looking forward to the implementation of the plan.

New trails built in 2022

Trails built in 2022 included the completion of Ida View section of the Larch Hills Traverse and East Canoe Creek bridge, the Sorrento Blind Bay Park Universal Trail, Hoadly Park, the gravel capping of Junior Loops and other trailhead improvements at South Canoe.

Existing trails continued to see upgrades and improvements in 2022 including the historic Mara Lookout – to be completed in 2023, and remedial work was completed on the Eagle Pass trail – outhouse to be installed in 2023.

Mara Lookout Restoration

Environmental Stewardship

In 2022 the Shuswap Trail Alliance again partnered with the Columbia Shuswap Invasive Species Society (CSISS) to mechanically remove Yellow Flag Iris at White Lake, Little White Lake, Gardom Lake and along the Turner Creek Trail.

Mara Lake Section of Rail Trail – Geotechnical Test Pits and Archaeological Impact Assessments

Rail Trail Progress

The Shuswap Trail Alliance is privileged to continue supporting the joint partners of the Splatsin te Secwépemc Shuswap North Okanagan Rail Trail between Sicamous and Armstrong. The Rail Trail is a joint project of the Splatsin te Secwépemc, Regional District of North Okanagan (RDNO) and the Columbia Shuswap Regional District (CSRD) with assistance from the Province of BC and Government of Canada.

This past year was a milestone in the rail trail's development with \$15 million successfully raised through Federal and Provincial grant programs, partner funding, community donations, and sponsorships. This is sufficient to build the rail trail between km 0.0 (Sicamous) and km 42.6 (Stepney X Road), as well as the section parallel to the existing railway between km 49 (Lansdowne Road) and km 50 (Armstrong). Fundraising now shifts to the final 6.5 km section between km 42.6 and km 49 which includes a pedestrian overpass of Hwy 97A.

Work started this spring with culvert clearing and repair prior to spring freshet and rock scaling along Mara Lake. Construction will be commencing soon on portions of the Rail Trail between km 0 (Sicamous) to km 42.6 (Stepney X Rd) and km 49 (Lansdowne Rd) to km 50 (Armstrong). The section within the City of Enderby from km 35.8 to km 37.8 will also be commencing in 2023. The Rail Trail partners are currently working with technical consultants to finalize design and procure construction services. Splastsin archaeologists have been working ahead of the pending construction contracts to ensure impact assessments are completed and areas of significance are protected. Asset and sign standards, an annual maintenance, repair, and replacement plan, and a long-term revegetation plan focused on native species restoration have been developed and approved by the rail trail partners this past year. These provide the rail trail partners with the tools needed to both construct and maintain the rail trail corridor as a lasting legacy for our communities for many years to come. The rail trail remains closed to the public during construction, but sections are anticipated to be opened once ready. Watch for updates and visit <u>www.shuswapnorthokanaganrailtrail.ca</u> for more information and to make donations.

Secwepemc Landmarks and Trailhead Project

The Shuswap Trail Alliance continued to support the administration of the Secwepemc Landmarks and Trailhead Signage project, at the direction of the four Secwepemc Lakes Communities. The purpose of the Secwépemc Landmarks Project is to create awareness of Secwépemc traditional territory through the installation of approximately 100 trailhead posts, 16 Secwépemc Landmark sculptures, and 16 connected interpretive panels that feature Secwépemc place names and oral histories from the Secwépemc Lakes Elders Advisory Committee in the Shuswap Lakes region of Secwepemcúlecw.

The unveiling ceremony for the main installation at the Salmon Arm Marine Park was held in June of 2022 and was well attended. May 2023 saw the unveiling of the second monument at the Chase Wharf – stay tuned for details in next year's report. The project is supported by funding from the Adams Lake, Little Shuswap, Neskonlith, Splatsin, BC Rural Dividend Program, the Heritage Branch, City of Salmon Arm, the STA, the BC Community Economic Recovery Infrastructure Program (CERIP) and the TOTA/Ministry of Tourism StrongerBC program.

Trailhead posts, carved by students under the guidance of indigenous artists, have been installed in around 40 locations of the 100 and some odd posts that will put in place, the remainder going in this summer. A very special word of gratitude to the project coordinating team of Adams Lake Councillor Shelley Witzky, Project Coordinator Libby Chisholm, Storyboard Assistant Dorry William, Technical Advisor David Jacob Harder, and the Knowledge Keepers circle of elders from the four Secwepemc lakes communities.

More information on the Secwepemc Landmarks project can be found here: <u>https://shuswaptrails.com/points/</u>.

Fundraising The annual STA Fundraiser was a hybrid event for the first time this year, with an inperson party held at the rec centre on the first Friday in February while the auction stayed online for a third year. The two events were a huge success and a record-breaking net cash total of over \$65,000 was raised to support 2023/24 trail projects!! Huge thanks to the extraordinary and adaptive volunteer planning committee with whom we could not have pulled this off. Funds will be leveraged with matching grants, donations, in-kind contributions, dedicated community project budgets, and an extraordinary contribution of volunteer time to grow local greenway trails throughout the region.

2023 Fundraiser 50/50 Ticket Sales "Sunny & Cher"

Along with the project partners who resourced projects in 2022, the Shuswap Trail Alliance receives annual operational grants from the Columbia Shuswap Regional District Areas C, D, E, and F, the City of Salmon Arm, the District of Sicamous, the Regional District of North Okanagan Area F, the City of Enderby, and the Village of Chase. These grants create an operational foundation for the Shuswap Trail Alliance ensuring stability for the organization.

Sponsors

Ian Gray's Salmon Arm GM continued to go above and beyond and donated the use of a dump truck for our field season. The truck could be seen around the Shuswap, and at the trail heads, displaying the STA's and GM's logos. The use of the additional truck was monumental in the ability to complete the number of projects that were on the go for 2022. We are humbled by this generous donation that kept the STA operating efficiently.

The Barley Station Brewpub continues to step up to support trails in the Shuswap with the Shuswap Trail Ale IPA, 10 cents of every IPA sold gets donated to the STA.

Over the last three years an anonymous donor, facilitated though CanadaGives, has donated a significant amount of funds which will be used to help with trail projects in some of our smaller communities that don't have the same access to resources. Projects that have been completed, or are in progress, to date include the Cliff Ave Greenway trail in Enderby, cleanup of the Switzmalph Nature Trail with Neskonlith, Secwepemc Landmarks QR Codes and coordinator hours, Herald Park Kiosk, Chase Creek Falls Reroute, and Glenemma. We totally respect the anonymity of the donor, but if you do happen to read this – thank you, we are incredibly grateful for your support and excited to be able to initiate these extra projects.

(See "At a glance" and Sponsors pages below for a full acknowledgement of all our funding partners.)

Ian Gray's Salmon Arm GM's 2022 Truck

Promotion of trails

Throughout the year promotion of trails included the design of new maps, the update of guides, trail reports, communications on closures and openings, Facebook and e-bulletin posts, news releases, and of course, the strategic efforts of Shuswap Tourism.

Thanks to the generous funding from the City of Salmon Arm, Municipal Regional District Tax (MRDT) we were able to produce two instructional videos that explain how to upload, and use, the georeferenced maps on our website. The videos can be viewed here: <u>https://shuswaptrails.com/resources/trail-standards-resources/</u>

The fully updated 9th Edition of the Shuswap Trails Guide, funded in partnership by the MRDT and Shuswap Tourism, is hot off the press, and is now available on a brochure stand near you.

Recreational Access Management

2022 provided opportunities to continue to work on the management of recreational activities within the landscape. Gorge winter management continued to be discussed and a new working group was created to help facilitate the discussion. The Kela7scen (Mt. Ida) working group continued to meet in 2022 to discuss the care for the mountain. The working group is comprised of representatives from Adams Lake, Little Shuswap, Neskonlith, and Splatsin along with BC Timber Sales, Ministry of Forests, the Shuswap Dirt Riders, Friends of Mt. Ida, and motorized and non-motorized recreation users. The working group presented to the Pespesellkwe te Secwepemc tabled and continue to be poised to contribute to an indigenous led stewardship plan for Kela7scen.

The STA and Shuswap Trail Strategy continues to advocate a collaborative, structured adaptive decisionmaking approach that includes use of Cumulative Effects Assessment. For more background, please visit our website at <u>www.shuswaptrails.com</u>.

Shuswap Regional Trails Roundtable

The Roundtable is an example of how a collaborative approach can be used to plan, develop, and maintain recreational trails in a sustainable and effective way, while ensuring the participation and inclusion of all stakeholders. The Roundtable met in person in October, after several years of Zoom meetings. The Roundtable continues to meet annually in early winter and has a working group of leadership that meets quarterly. The Roundtable is made up of Indigenous, municipal, regional, and provincial government staff and elected officials, leadership from motorized and non-motorized recreation groups, Shuswap Tourism, Environmental Stewardship and Naturalist organizations, industry, business, public sector, Interior Health, School District 83 and many and more. Collaborative recreation access management working groups supported through the Roundtable include the South Canoe, Skimikin, Glenemma, South Shuswap Destination Trail Planning Framework, Salmon Arm Greenway Liaison Committee, Larch Hills Non-Winter, Joss Pass Mountain and the West Bay Connector Trail.

2022 Shuswap Trails Annual Roundtable - Sorrento Centre

The Shuswap Trail Alliance Board

The board continues to oversee the organization's governance and ensure that the structure is current and responsive to the needs of our regional partners. Highlights of the board's work over the past year includes adopting several new policies including Occupational Health and Safety, HR Management, Sponsor Recognition, Employment Equity, Anti-harassment, and more. Along with Improved regional representation, growth of the Legacy Fund, new opportunities for long-term financial stability, capital equipment replacements, and HR support for the management team and annual trail crews continue to drive the monthly board agenda and working sub-committees. Early in 2023 the board participated in a strategic planning session which included updating the mission, vision, and value statements along with updating the organization's strategic priorities. The STA board's renewed priority to support volunteers, reactivate regular volunteer days, and engage young people resulted in the creation of a maintenance/stewardship coordinator position. The commitment to engage youth in the regions has led to inclusion of a youth on the STA board, support of the SD83 Mountain Bike Academy, and the first Youth Trail Camp was held in the spring of 2023.

2023 priorities

Priorities for 2023 for the Shuswap Trail Alliance include the completion of new/restored trails throughout the region including the Glenemma Trail Project in partnership with the CSRD, Loftus Lake Fen Accessible trail construction, Rob Nash Memorial Shelter at South Canoe, Mara Lake Pack Trail restoration thanks to BC Rural Dividend Program, and Forest Employment Grants; continuation of the Sicamous-to-Armstrong Rail-Trail capital development; support for the Secwepemc Landmarks project; community consultations, Secwepemc direction, and finalization of drafts for the South Shuswap Destination Trail plan; support for the West Bay Trail Corridor consultations and planning; support for a renewed comprehensive management plan for the Kela7scen (Mt Ida) area with Secwepemc leadership and the Province; and continued partnership with CSISS for the mechanical treatment of invasive species in the Shuswap. Plus of course, support for ongoing trail maintenance and care throughout the region!

Watch for the Shuswap Trails Guide updated/reprint in spring of 2023. The summer team will also support ongoing environmental stewardship efforts through our partnership with the Columbia Shuswap Invasive Species Society, SABNES, and the Shuswap Regional Trails Roundtable. Trail screening and adaptive planning will continue as a formative part of our trail planning process, and we will persist with advocacy for a more collaborative structured decision-making approach to land management that includes Cumulative Effects Assessments.

Priorities in 2023...currently 60+ active projects with targets in all sub-regions of the Shuswap:

2022 Financial Statement Note

2022 was another successful year, and once again we ended the fiscal year with a small surplus. To note in 2020 a large BCRDP grant was recorded as income for that fiscal, while the bulk of the funds were spent in 2022. This has resulted in the 2022 Shuswap Trail Alliance financial statement to show a deficit, which is not an accurate reflection of the 2022 year. The year ended with a small surplus. This error has been corrected moving forward and all unspent grant funds have been moved to deferred revenue, which will allow for an accurate representation moving forward.

Acknowledgements

Please join in a very big expression of gratitude to the Shuswap Trail Alliance management team who work with all the partners and projects on the day-to-day level, –Adrian Bostock (Project Operations Manager and Stewardship), Hannah Treleaven (Maintenance/Stewardship Coordinator) James Eagan (Bookkeeper), Hanka Mosher (Business Coordinator) Libby Chisholm (Secwepemc Landmarks and Trailhead Sign Project Coordinator), Alex de Chantal (Rail Trail Campaign Fund Coordinator) Phil McIntyre-Paul (Senior Consultant) and myself (Jen Bellhouse, Executive Director). We were joined by a determined and field-smart trail project crew who tirelessly work through the elements to build and maintain trails in the Shuswap.

As well, we were blessed with contract support for various projects from talented professionals including Sylvia McMahan, Jeremy Ayotte, and a host of local vendors, contractors, consultants, and businesses. And of course, there's the board, the sub-committees, and the annual fundraising team who contribute their time, talents, and wisdom! Together, the management team, trail crew, board, sub-committees, contractors, vendors, and volunteers support and complement the work of all the community leadership, volunteers and partners tirelessly making Shuswap trails happen.

Sincere acknowledgement also needs to go to the lead jurisdictional partners, land managers, and staff who form the wider circle of leadership that drives the Shuswap Trail story forward – Secwepemc band departments, Recreation Sites and Trails BC, BC Parks, CSRD Areas C/D/E/F (including Parks, Tourism, and GIS), RDNO Area F, Salmon Arm, Sicamous, Enderby, Chase, and - we're excited to be growing the relationship to include - Armstrong, Spallumcheen, and the wider RDNO/North Okanagan governments as we work together to realize the Sicamous-to-Armstrong Rail-Trail.

And finally – to the trail stewards – the organizations and volunteers and community leaders who walk, ride, paddle, roll, and slide their way through the landscape caring for the trails and pathways that allow us to be present in the land, move through our communities, and connect with each other – this story of collaboration is a team effort and only as good as the remarkable commitment each of you make every day. While we know there's much more journey ahead, please celebrate the distance we have come.

Thank you to everyone who is working so hard to make the Shuswap a healthier, more connected, more just place to live. **Kukstemc (thank you).**

2022 At-a-Glance...

2022 Leveraged Resources...

Total Leveraged Value in 2022: \$867,978.18

50+ trail projects supported in 2022

- Chase Creek Falls Plan
- **CSRD Areas C, D, E, F Trail Care**
- Eagle Pass Mountain
- East Canoe Creek Bridge
- ✓ Hidden Lake Trail Plan
- ✓ Joss Pass Trail
- Kela7scen (Mt Ida) Planning
- ✓ Larch Hills Traverse Ida View Trail
- ✓ Mallory Ridge Trail Plan
- ✓ Mara Lookout Trail Restoration
- ✓ Salmon Arm Active Transportation
- ✓ Secwepemc Landmarks & Posts
- ✓ Shuswap North Okanagan Rail Trail
- ✓ Shuswap Paddle Guide
- ✓ Sicamous Mountain Bike Park
- ✓ Skimikin Lake Trails
- ✓ South Canoe Trailhead
- South Shuswap Trail Planning
- ✓ Sorrento-Blind Bay Park Trail
- West Bay Connector Planning
- Yellow Flag Iris Removal
