# Shuswap Trails Strategy and Roundtable

The **purpose** of the strategy is to protect, enhance and recognize trails as an integral part of the Shuswap lifestyle, culture and economy.

- ensure trails are appropriately **authorized, mapped, developed, maintained, and promoted,**
- protect and promote **First Nations interests,**
- reduce/repair **ecological** damage from all trail use,
- manage **land access** appropriately
- demonstrate **collaborative** management
- provide **stability** and **security** to all who invest in them.

# Shuswap Regional Planning Priorities

Joss-Tsuius-Mabel  
Access Planning Area

# Structured Decision-Making:

**1 Clarify problem and context**  
– history, current use, laws, policies, preferences

**2 Articulate values, objectives, & measures** – what are the desired results (outcomes) and measures?

**3 Develop options** – what are the alternative management recommendations or scenarios?

**4 Evaluate consequences** – what are the potential results/risks of each option? Asking:

- What do we already know?
- What do we still need to know?
- How will we get this knowledge? (and is it feasible?)

**5 Evaluate trade-offs and choose** – Are the trade-offs/risks acceptable? What are the limits to monitor?

**6 Take action** – implement, monitor, review, and adapt
